

Clean Air Hamilton Air Quality Programs

Funding Guidelines

2019

Funding Objectives

To provide opportunities for all the people of Hamilton to create and participate in initiatives that improve air quality in our City.

These initiatives can be educational, scientific, or direct mitigation.

1. Projects & Programs

OBJECTIVE

To provide opportunities for all the people of Hamilton to create and participate in initiatives that improve air quality in our City.

DESCRIPTION

The Clean Air Hamilton Programs funding supports projects that promote improvements in air quality in the City of Hamilton. This can be achieved by providing opportunities for the people of Hamilton to actively participate in initiatives such as events, educational sessions or ongoing volunteering, or by creating scientific or technical programs to measure or improve air quality.

There is a separate process and application for new vs. ongoing initiatives, as they will be assessed against slightly different criteria.

Project funding is for activities with a defined time frame. Initiatives may be for a single year only.

APPLICATION DEADLINE

The application deadline is March 20, 2019.

FUNDING AVAILABLE

100% of the project or program budget up to a maximum of \$15,000.00.

Funding received from Clean Air Hamilton is considered City of Hamilton funding which restricts applicants from applying for other funding from the City of Hamilton for the specific initiative that Clean Air Hamilton is funding.

- A balanced and realistic budget;
- Appropriate and effective marketing and promotion;
- Plan to evaluate success of initiative;
- The ability to generate earned and private sector revenue (as needed);
- The project demonstrates good use of public funds.

Project Management as determined by:

- The applicants ability to identify and mitigate for potential risks to successful completion of the project or program.

Community Impact as determined by:

- The initiative's potential to generate public support (participants and audience);
- The initiative's potential to influence public behaviour concerning activities that may enhance or degrade air quality;
- The initiative's potential to successfully attract volunteers.

Air Quality Impact as determined by:

- The initiative's potential to directly protect, rehabilitate, or enhance air quality;
- The quality of the technical and scientific information supporting the project;
- The initiative's ability to meaningfully expand understanding of air quality and air quality issues in the City of Hamilton.

Clean Air Hamilton's 2019 Criteria & Scoring matrix is available as a separate document for both NEW and EXISTING projects/programs. Applicants are strongly encouraged to review the scoring criteria as they fill out the applications. These scoring criteria will be used by the 2019 adjudicators to assess each application.

Glossary of Terms

INTRODUCTION

These definitions have been prepared by the City of Hamilton to provide additional clarity around the terms used in the Environment Program. Please note that the language and definitions used are intended to be as inclusive of the breadth and depth of cultural organizations in Hamilton and may differ from definitions used by other funding Programs.

ASSESSMENT

An evaluation of the submitted application made by an assessor, and/or assessment panel comprised of professionals currently practicing and/or knowledgeable in a discipline relevant to the applications being considered. Applications are assessed using assessment criteria as identified in these guidelines.

CAPACITY BUILDING

A process that strengthens four interrelated pillars – the relevance, responsiveness, effectiveness and resilience of organizations.

CAPITAL

The physical assets required for environment-related creation, production and presentation.

COMMUNITY

A group of people bound by common beliefs, values or interests, ethnicity or place of origin, geography or other self-identified commonality.

COMMUNITY IMPACT

The way in which local residents, organizations and businesses are involved with the activity. Involvement can include volunteers, participants, audience members, partners, sponsors, etc.

ENVIRONMENTAL ORGANIZATION

An environmental organization has a mandate and a mission to protect, rehabilitate, or enhance the natural environment.

EVENT

An event may occur annually, on a reoccurring basis, or one-time, typically taking place over a concentrated period of time, such as a few days or hours. An event must have general appeal, a theme of interest, a public profile and public access on a free and/or paid basis.

GRANT

A sum of money given by the City of Hamilton for a particular purpose.

OPERATING GRANT

An operating grant provides support for the day-to-day costs of running a not for profit organization as it fulfills its mission. Operating funding cannot be used for capital expenses.

PROJECT GRANT

Project funding is for activities with a defined time frame. Projects may only be for a single year.

PUBLIC ACCESS

Public access implies that any member of the public may attend or participate whether the activity is free or an admission fee is charged. Events where membership is required to participate do not meet the definition of public access.

NOT-FOR-PROFIT

Is an organization who:

- Is dedicated to purposes other than pursuing a profit,
- Is a corporation without share capital, which means that the corporation does not issue ownership shares,
- May not distribute any profits to its members, directors or officers,
- Must use any profit exclusively for its not-for-profit purposes, and,
- Includes both charitable and non-charitable organizations.

Organizations may demonstrate their non-profit status through letters patent or a combination of organizational documents.

IN-KIND

A contribution of equipment, supplies, resources, volunteer time, or other tangible resource. In-kind contributions are given a fair-market monetary value.
