2026 Upwind Downwind Conference Student Poster Competition

Clean Air Hamilton is holding a competition as part of the 2026 Upwind Downwind Conference. All successful finalists are eligible for an award or prize. If you wish to enter, please submit a poster based on your research, a project, or your community engagement as it relates to topics in one or more of the following themes:

- Air quality monitoring
- Air modelling
- Air quality education and outreach
- Air quality and health
- Industrial hubs
- Transboundary emissions
- Political policy and air quality
- Electrification of transportation
- Meeting air quality goals
- Local air quality improvements
- Future Innovations in Industry
- Future Transport & Technology
- Land-Use Planning & Human Rights
- Other related themes

Please submit your entry to cleanair@hamilton.ca before **April 30, 2026, at 12:00PM**. Entries must include the candidates name, educational institution, and contact information. Entries will be evaluated by Clean Air Hamilton Members and announced at the 2026 Upwind Downwind Conference.

Successful finalists will receive free tickets to the Upwind Downwind Conference on May 26th in downtown Hamilton which includes access to the conference as well as food and beverages throughout the day or virtual access to the event. Successful Finalists will be responsible for printing their poster to be showcased at the event.

More information about the Upwind Downwind Conference can be found [here](#).
